IMPLEMENTATION OF STATED CODE OF ETHICS FOR RESEARCH

RESEARCH COMMITTEES

RESEARCH and RESEARCH COMMITTEES

AT ST. JOSEPH'S COLLEGE OF ARTS & SCIENCE

(AUTONOMOUS), CUDDALORE - 607 001.

Research Development Cell (RDC):

A Research Development Cell has been set up to foster a vibrant research culture within the institution by encouraging faculty and students to engage in innovative and impactful research activities, facilitating collaborations with industry and academia, and providing resources and support for the development of high-quality research projects, with the goal of contributing to academic excellence, societal development, and global knowledge advancement in line with the vision and mission of the institution.

Research Committees:

Objectives of the Research Committees:

1. **Promote Research Culture:**

To nurture and encourage a research-oriented mind-set among faculty, researchers, and students by organizing workshops, seminars, and training programs related to research methodologies, ethics, and emerging trends.

2. **Facilitate Research Activities:**

To identify research priorities, provide necessary infrastructure, and create a supportive ecosystem for faculty and students to engage in high-quality research, enabling the development of interdisciplinary and cutting-edge projects.

3. **Enhance Research Output:**

To encourage faculty and students to publish research papers in peer-reviewed journals, present findings at national and international conferences, and contribute to the generation of intellectual property (patents, copyrights, etc.).

4. **Collaborations and Funding:**

To initiate collaborations with industries, research institutions, and funding agencies for collaborative research projects and to secure research grants from national and international funding bodies.

5. **Ensure Ethical Research Practices:**

To establish and oversee ethical guidelines for research activities, ensuring that all research conducted in the institution adheres to the highest ethical standards, including intellectual property rights and plagiarism policies.

6. Monitor and Evaluate Research Progress:

To regularly review, monitor, and evaluate ongoing research projects within the institution and provide recommendations for improvement and further development to ensure high standards of quality.

7. Support Student Research:

To identify and encourage potential student researchers by providing guidance, mentoring, and financial assistance through scholarships and awards for outstanding research work.

8. Contribute to Societal and Community Development:

To promote research that addresses local and global challenges, aiming for outcomes that positively impact the community and contribute to sustainable development goals.
