Respected Sir,

We would like to appreciate you for your awesome contribution towards the extension activity from II-BCA-B (shift II). The students were dedicated in carrying out their activities and made us proud. It was a good experience working with your team. The way you dealt with activities like **general awareness on covid, good manners, planting saplings and conducting games** are really a matter of appreciation. The gifts distributed to winners was an encouragement to the beneficiaries.

I specially thank for PG Department of Computer Applications for providing this opportunity for the students of II-BCA-B (shift II) to conduct this extension activity. It was very beneficiary to both college students and our kindergarten students.

Thanking you,
