Minutes of the Board of Studies Meet 2020-2021

Date - 10.11.20

Time - 12:00am - 2:00pm

Venue - Department of English

The Board of Studies in English was held on 10.11.20. The Board decided to revise the syllabus for B.A. English Literature and retained the same syllabi for M.A. and M.Phil. English Literature for the year 2020-2021.

The Board also approved to introduce

1. Communicative English I, II, III, IV instead of Functional English I, II, III, IV

in Semester I, II, III & IV for all B.A. / B.Sc. Courses in 1 year and 2 year

2. Communicative English I & II is replaced for Foundation Course English I & II in Semester I & II, for 1 year B.Com, B.Com (BM), BBA (CA), BBA Courses in Sem I & Sem II

3. Professional English for Arts and Social Science is included for I B.A. English Literature in Semester I & II instead of A.E.C. English Communication

I & II in Semester I & II.

4. Question papers for Professional English for Arts and Social Science will be introduced.

5. The Board also approved to continue with Value Added Course
1. Communicative English
2. Basic English for Competitive Examination

The papers introduced will be prescribed to the students admitted from the year 20-21 onwards.

The suggestions given by the University Nominates for L. Fulandai Ganesa Kumar, Associate Professor, C. Karthikeyan Naidu, College for Women, Chidambaram with subject expert, Mrs. M. Kumaram, Assistant Professor, Dept. of English, Jermal Mahamed College, Tiruchirappalli and Ms. R. Prabhavathi, Post Prof. of English, Annamalai College for Women, Chidambaram will be placed for final approval in the Academic Council for the implementation from the academic year 2020-21.

Action taken report on the Board of studies meeting held on 10.11.2020(Even Semester)

As per the suggestion of the members, following new courses were introduced in the Academic Year 2020-2021 (Even Semester):

B.A. English

S.No.	Paper	Code
1	Communicative English- I	20LE101
2	Communicative English I	20LEC101
3	Communicative English- II	20LE202
4	Communicative English II	20LEC202
5	Communicative English III	20LE303
6	Communicative English IV	20LE404
7	Translation Studies	20EEN51B
8	Professional English for Arts & Social Sciences- I	20PEAS01
9	Professional English for Arts & Social Sciences- II	20PEAS02
10	Professional English for Commerce & Management- I	20PECM01
11	Professional English for Commerce & Management- II	20PECM02
12	Professional English for Physical Sciences -I	20PEPS01
13	Professional English for Physical Sciences -II	20PEPS02
14	Professional English for Life Sciences -I	20PELS01
15	Professional English for Life Sciences -II	20PELS02

Mind changes were made according to the new syllabi of XI and XII stds and the following are the resolutions.

UCI Papers:

Paper 1: Algebra and Trigonometry

In unit I, instead of Newton's Raphson method only Newton's method is included.

Unit II topics must be change as summation of series and matrices. Chapter and section to be mentioned for each unit.

Paper 3: Calculus

Topic name for each unit should be included. In unit II, the name circle to be removed, Chapter & section of each unit should be mentioned.

Paper 4: Numerical methods

In Unit I factorial polynomial is removed and in Unit V Runge Kutta method second order and Simpson's $\frac{3}{8}$ th rule is removed.

Paper 5: Differential equation

Convolution theorem is to be included in Unit - V

Paper 6: Vector and Fourier Analysis

Unit I has removed in Unit - II - removed vector differential operator and gradient of the sum of functions of the product of functions and a function of function & expansion formulae for operators involving del. Included vector identities in Unit III - removed function having discontinuity change of interval expansion of odd or even periodic functions and included generalized Fourier series in $(-\pi, \pi)$ and $(0, 2\pi)$. In Unit IV and Unit V simple Problems has to be mentioned.

Paper II: Complex Analysis I

Unit I sums and Product, Basic algebraic properties, moduli, complex conjugate, further properties are removed and Unit IV inverse hyper Trigonometric and hyperbolic functions are included. Title should be include for each unit. Text book can be changed into Ponnusamy or Dureaipandian.

Paper 17: Operation Research

Unit III - removed - comparison with the transportation models and variation of the Assignment problems and include unbalanced assignment problems. Also in sequencing problem Johnson algorithm has to be included.

Allied Mathematics I - (Physics & Chemistry)

Removed unit I and II and new topics has to be introduced (fixed point method) (without proof) restricted to three variables only without proof in unit II.

Resource Management Techniques: (IIBBA & IIBBA)

In unit I artificial variable techniques and Big M method has to be removed. Unit III - special cases in assignment sums has to be changed as unbalanced assignment problems. Unit V fully removed instead of unit V, unit III and unit IV to be splitted and Johnson's algorithm to be included in unit III.

Mathematical foundation (IBCA)

In unit II - concentrate only on simple problems & mentioned number theorems. Unit IV - Cramer's rule and matrix inversion method to be removed. In unit V - heading changed to matrix theory and application of matrices has to be removed. Finding inverse of a square matrix has to be included.

MINUTES OF BOARD OF STUDIES (2020-2021)

Minutes of the Board of Studies meeting held on 11.09.2020

B.Sc. and M.Sc. Physics syllabus were scrutinized and approved by the members of the Board of studies with the following modifications in the syllabus for the academic year 2020-2021.

The feedback of staff, students and the suggestions proposed in the academic auditor UG syllabus and PG syllabus which has to be revised and ratified for the academic year 2020-2021, were taken for discussion.

The Board recommended following Modifications in the syllabus:

1. Textbooks for each subject may be limited to two books, others may be added with reference books. For Example Textbook of Properties of Matter as Properties of Matter and Acoustics for B.Sc, 2012 by Murugesan R., Sivaprasath Kiruthiga.
2. The new course Professional English for Physical Sciences is added as per instructions given by TANSCHÉ.
3. The following topics can be removed from third unit of properties of Matter subject:
"Cantilever Oscillations-Expression for time period- Experiment to determine Young's modulus by Cantilever Oscillations(Dynamic method)Experiment to determine Young's modulus by Koenig's method (Non-Uniform bending)".
4. Title of subject "Everyday Physics" may be converted to "Physics in Everyday life"
5. They suggest a new subject related to regional features: **Hydraulics, Fluid Mechanics and Fishing Crafts**. The syllabus may be approved after revision in the next board of studies.

Unit - I

Properties of fluids - definition - units of measurement - mass density - specific weight, specific volume - specific gravity equation of state - perfect gas - viscosity - vapour pressure - compressibility and elasticity surface tension - capillarity. Fluid pressure and measurement - simple, differential and micro manometers - Mechanical gages - calibration. Hydrostatic forces on surfaces - total pressure and centre of pressure - Horizontal - vertical and inclined plane surface - Pressure diagram - total pressure on curved surface. Archimedes principles - buoyancy - metacentre - metacentric height.

Types of fluid flow - velocity and acceleration of a fluid particle - Rotational - irrotational - circulation and vorticity - Flow pattern - stream line - equipotential line - stream tube - path line - streak line - flow net - velocity potential - stream function. Principles of conservation of mass - energy - momentum - continuity equation in Cartesian co-ordinates - Euler's equation of motion.

Unit – II

Bernoulli's equation - applications - Venturimeter - orifice meters - nozzle meter - rotameter - elbow meter - pitot tube - Orifice - sharp edged orifice discharging free - submerged orifice - mouth piece - Flow through orifice under variable head - time of emptying a tank with and without inflow. Flow through pipes - laminar and turbulent flow in pipes - Reynold's experiment - Darcy - Weisbach equation for friction head loss - Chezy's formula - Manning's formula - Hazen-William's formula - Major and minor losses in pipes - hydraulic gradient line - energy gradient line. Siphon - water hammer in pipes - gradual and sudden closure of valves

Types of flow in channel - uniform flow - most economical section of channel - rectangular - trapezoidal. Specific energy and critical depth - momentum in open channel flow - specific force - critical flow - computation. Flow measurement in channels - notches - rectangular, Cippollette and triangular - float method - Flow measurement in rivers/ streams/ canals - weirs - free and submerged flow - current meter - Parshall flume.

Unit – III

Dimensional analysis - concept of geometric, kinematic and dynamic similarity. Important non-dimensional numbers - Reynolds, Froude, Euler, Mach and Weber. Pump terminology - suction lift, suction head, delivery head, discharge, water horse power - selection of pump capacity. Centrifugal pumps - components - working - types of pumps and impellers - Priming - cavitation - specific speed - characteristics curves. Turbine and submersible pumps - Jet pump - jet assembly - Other pumps - Air lift pump - reciprocating pump - sludge pump and vacuum pump - Hydraulic ram

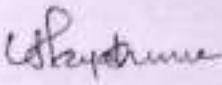

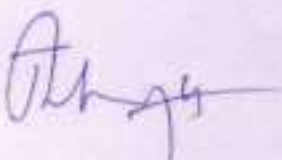

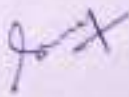

Unit – IV

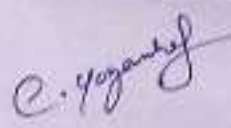

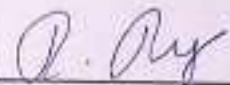

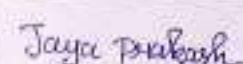

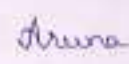

Boat design - Design procedure: Displacement - weight equation; estimation of light weight ship; Basic mathematics & Hydrodynamics for designing of fishing vessels. Calculation of displacement, water plane area; Stability of fishing vessel - longitudinal, transverse Introduction to ship design software - Introduction to basic engineering drawing, Drawing conventions in naval architecture - Various equilibrium of ships - stable, unstable and neutral. Estimation of engine power for fishing vessel. Marine propeller types, characters & selection of propellers. Resistance of boats.

Boat construction - methods - Wood, Steel, Aluminium, Fiber Reinforced Plastic (FRP), Ferro cement. Painting of fishing boats - anticorrosive, antifouling, Sacrificing anode, Dry docking, Common fouling & boring organisms. Preservation and maintenance of various types of hull. Engine installation in fishing vessels; engine bearers for wooden boats; alignment of shaft; stern gear assembly; length of shafts; intermediate shafts; reverse and reduction gear assembly.

Unit – V

Deck layout - trawlers, purse seiners, long liners, gill netters and combination fishing. Deck equipments - types of winches, net haulers, line haulers, triple drum, gurdy, power blocks, fish pumps. Fish finder, GPS navigator, sonar, net sonde, gear monitoring equipments. Stern gear

MINUTES OF BOARD OF STUDIES (2020-2021)

Minutes of the Board of Studies meeting held on 31.03.2021

B.Sc. and M.Sc. Physics syllabus were scrutinized and approved by the members of the Board of studies with the following modifications in the syllabus for the academic year 2021-2022.

The feedback of staff and students on UG syllabus and PG syllabus revised and ratified for the academic year 2021-2022, were taken for discussion.

The Board recommended following Modifications in the syllabus:

Major revision:

Relativity, Quantum Mechanics and Mathematical methods:

Title may be changed to Relativity and Quantum Mechanics

Units may be rearranged as

Unit-I - General Theory of Relativity

Unit-II - Special Theory of Relativity

Unit -III - Wave Mechanics

Unit -IV - Schrodinger Equations

Unit-V - Applications of Quantum Mechanics

UNIT-I: GENERAL RELATIVITY

Frames of references - Newtonian relativity - Galilean invariance and conservation laws - postulates of general theory of relativity - propagation of light - Michelson-Morley experiment - significance of negative result - search for ether.

UNIT-II: SPECIAL RELATIVITY

Postulates of special theory of relativity - Lorentz transformation equations - Length contraction - Time dilation - Relativity of simultaneity - Law of addition of velocities - variation of mass with velocity - relativistic kinetic energy equations - Minkowski's four dimensional space - time continuum.

UNIT-III: WAVE MECHANICS

Dual Nature of Matter - Matter waves - de Broglie wavelength - Broglie's Hypothesis of Matter Wave - Conservation of Energy - Expression for wave velocity and group velocity - Heisenberg's Uncertainty principle - Mathematical proof of uncertainty - Experimental study of matter waves - proof of Uncertainty principle for one dimensional wave packet .

UNIT-IV: SCHRÖDINGER EQUATIONS

Wave function-properties of wave functions- Postulates of wave mechanics — Probability
Current density- Equality of Continuity theorem- eigen functions - eigen values - expectation
values - Time dependent and time independent Schrödinger equation.

UNIT-V: APPLICATION OF SCHRÖDINGER EQUATIONS

Particle in a one dimensional box - barrier penetration and tunneling effect - linear harmonic
oscillator - zero point energy - rigid rotator - hydrogen atom.

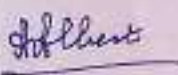

Textbooks

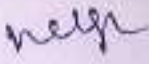

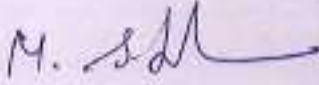

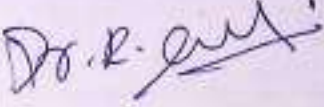

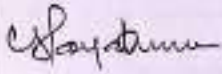

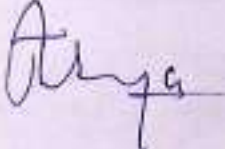

1. Quantum Mechanics by V. Devanathan, Narosa, Chennai, 2005.
2. Modern physics by R Murugesan, Kiruthiga, Sivaprasath S Chand & Co. (2007)
3. Quantum Mechanics by V K Thangappan, Wiley Eastern

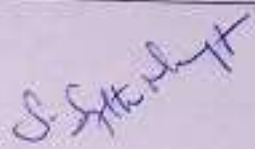

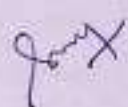

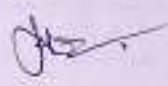

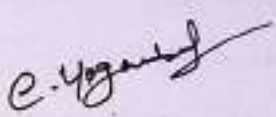

Reference books

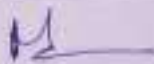

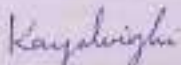

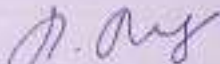

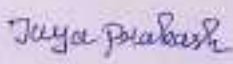

1. A Text Book of Quantum Mechanics by P M Mathews and Venkatesan, McGraw Hill.
2. Quantum mechanics by Ghatak and Loganathan, McMillan.
3. Basic quantum mechanics by A Ghatak, McMillan India (2002).

Action Taken report on Board of Studies Meeting held on 31.03.2021

In accordance with the resolutions passed and the recommendations provided by the esteemed members of the Board of Studies, the syllabi for the M.Sc Physics Program were retained for the academic year 2021-2022.

In response to the recommendations of the Board of Studies members, the following new courses were introduced for the Academic Year 2021-2022 (Odd semester) :

B.Sc. Physics:

1.	Communicative English - III	20LE303
2.	Communicative English - IV	20LE404
3.	Allied Mathematics-I	21AMT11
4.	Relativity & Quantum Mechanics	21PH612

PG and Research Department of Chemistry

Board of Studies - minutes - 10-03-2020

UG:-

Analytical Chemistry:-

In the course Analytical Chemistry-I (CH2040) in Unit-II, the topics; "Column-Chromatography - principle and applications" were added.

Electives

A new Non Major Elective course named as "ENTREPRENEURIAL CHEMISTRY" is introduced for the students other than Chemistry as an Elective subject of their UG course in the IV-Semester. The subject code for this elective course is (4NCH EC). The complete syllabus is framed as per the suggestions of the members of the board of studies and included in the curriculum.

Allied Chemistry

In the course, "Allied Chemistry for Physics (ACH301S), in Unit-II, the topics "selection rule, reverse osmosis, determination of molar mass, cryoscopic constant and Vant-Hoff factor" were removed.

In addition to Bathochromic and Hypsochromic shifts, "Hyper and hypochromic shifts" are added.

In all the definitions of Colligative properties, it is clearly indicated that "without derivation" and hence in the curriculum syllabus, only the definitions are there and not their derivations.

PG:-

The existing curriculum for PG Chemistry was taken for discussion. After discussion, it was concluded that the existing curriculum can be retained without any changes.

M.Phil:-

The existing curriculum for M.Phil Chemistry was taken for discussion. After discussion it was concluded that the existing curriculum can be retained without any changes.

BOARD OF STUDIES MEETING MINUTES

The eighteenth board of studies meeting of the Department of Biochemistry was held on 17.03.2020 at 10:30 am in the department.

The external experts team included;

* University Nominee:

Dr. N. Pugalendhi
Asst. Professor, Department of Biochemistry & Biotechnology
Annamalai University
Chidambaram.

* Subject Expert:

Dr. C. Theerthavakaram
Asst. Professor, Department of Biochemistry & Molecular Biology

The board of studies meeting started with prayer, rendered by Mr. A. Lawrence followed by welcome Address by Dr. S. Caline Hilda Mary. The chairman Dr. P. Marie Anuckianathan explained the new curriculum and template syllabi to be implemented for the year 2019 onwards.

UG

II YEAR

INCLUSIONS :

- * In Analytical Biochemistry II paper, Units I, II & V were rearranged.
- * New Non Major elective paper "Public Health & Hygiene" will be introduced for the 2019 batch onwards i.e. for II year students.
- * Two skill papers for the semester V - "Histopathological Techniques" and Fisheries Biology were introduced.
- * Three self study papers - "Functional foods on human health", Life style disease and

Fundamentals of Public Health & Epidemiology were introduced for the 2019 batch in IV semester.

* In Histopathological techniques paper, in vitro processing of nuclear, cytoplasmic and membrane proteins in Unit II and difference between fixative & preservative was included in Unit III.

* In Fundamentals of Public Health & Epidemiology paper, Unit I; Non-communicable diseases was added in the Unit I & aspects of IVM was added in Unit IV.

* In "Public Health & Hygiene" paper, Dengue, SARS & COVID-19, Diabetes, Hypertension & Obesity were included in Unit IV & in Unit V, allopathic medicines - Trimethoprim, Norfloxacin, Terbinafine, Fluconazole and in folk medicines - Honey, Clove, Tetranortriterpenoid, Eugenol were included.

DELETIONS :

* In Analytical Biochemistry II paper, mass detector and atomic emission detector were removed from Unit II.

* In Fundamentals of Public Health & Epidemiology paper, Unit I - Infectious diseases was removed and in Unit IV - General entomology & key elements were removed.

* In Public Health & Hygiene paper, Unit I: Introduction was deleted, unit II - water borne disease was deleted and in Unit V indigenous system of medicine was deleted.

* In Analytical Biochemistry II Paper, Electron Microscopy, SEM, TEM principle, instrumentation & applications were removed from microscopy unit.

* In Histopathological Techniques paper, classification of fixatives was omitted from unit III.

* In Fundamentals of Public Health & Epidemiology, General introduction & key elements were removed from unit IV.

MODIFICATIONS:

* In "Histopathological Techniques" paper, the topics "frozen sections" was modified to Cryo sections in unit IV, histopathological to histological in unit V, different fixatives to different types of fixatives in unit III.

* In "Life Style Diseases" paper, Units I, II & IV were rearranged.

* In "Fundamentals of Public Health & Epidemiology" paper, the topic "Introduction to Environment

and Public Health in Unit I & the title of Unit III was modified to Vector Control.

* In "Functional Foods on Human Health" as per the BOS Committee suggestions, all the units were rearranged and the entire syllabus was modified.

* In "Public Health & Hygiene" paper, the examples for the communicable and non-communicable diseases were included in Unit IV & indigenous system of medicine was modified into folk medicine with examples in Unit V.

PG

INCLUSIONS:

* The self study paper "Nanotechnology & Nutraceuticals & functional foods" were included in the Semester III.

* In Recombinant DNA Technology paper, the fusion proteins were included in the Unit III & techniques in protein-protein interactions were also included in Unit V.

* The "Molecular physiology" paper was renamed as Human physiology.

* In Research Methodology paper, the Overview of bioethics codes included in Unit IV & Real time PCR was included in Unit IV.

* In Nutraceuticals & functional foods paper, the new unit "the health benefits of Nutraceuticals" was included in Unit V.

DELETIONS:

* In Research methodology paper, Unit III & IV titles should be deleted.

* In Nutraceuticals & functional foods" paper, Unit V was deleted to include new unit.

* In Recombinant DNA Technology paper, topics PCR, DNA fingerprinting were deleted from Unit V.

MODIFICATIONS:

* In Research Methodology paper, Unit II, III, IV & V were rearranged.

* In the pharmacology paper, Unit IV the topics were rearranged.

* In Human physiology, the units were rearranged.

* In Nutraceuticals & functional foods, topics in Unit II were modified to include the clamping action of Nutraceuticals and its importance.

Minutes of the meeting of the Board of studies in Microbiology held online on 25th July 2020 in Google Meet between 11:00 am & 12:00 pm.

All the members were present during the meeting. The Chairman of the Board welcomed the members. The minutes of the previous meeting was read and approved.

The new Syllabus for the courses "Immunology" and "Molecular Biology" to be offered in the third semester and "Immunotechnology" and "Microbial Genetics" to be offered in the fourth semester of B.Sc. Microbiology for the students admitted from the academic year 2019-20 was presented. Mr. D. Binivasan, Alumni representative, suggested to include the topic 'antigen-antibody titre' in the Ist unit of the course "Immunotechnology" and it was accepted.

The new syllabus for the course "Biofertilizer Technology" to be offered in the fifth semester of B.Sc. Zoology for the students admitted from the academic year 2018-19 was presented. The experts suggested to specify the organisms *Rhizobium* and *Pseudomonas* in the 4th unit and it was accepted.

Finally it was resolved to forward the syllabus to the Academic Council for approval. The meeting came to an end with a word of thanks by the Chairman.
