MINUTES OF BOARD OF STUDIES (2020-2021)**

Minutes of the Board of Studies meeting held on 31.03.2021

B.Sc. and M.Sc. Physics syllabus were scrutinized and approved by the members of the Board of studies with the following modifications in the syllabus for the academic year 2021-2022.

The feedback of staff and students on UG syllabus and PG syllabus revised and ratified for the academic year 2021-2022, were taken for discussion.

The Board recommended following Modifications in the syllabus:

Major revision:

Relativity, Quantum Mechanics and Mathematical methods:

Title may be changed to Relativity and Quantum Mechanics

Units may be rearranged as

- Unit-I - General Theory of Relativity
- Unit-II - Special Theory of Relativity
- Unit -III - Wave Mechanics
- Unit -IV -Schrodinger Equations
- Unit-V - Applications of Quantum Mechanics

UNIT-I: GENERAL RELATIVITY

Frames of references –Newtonian relativity-Galilean invariance and conservation laws-postulates of general theory of relativity - propagation of light- Michelson-Morley experiment - significance of negative result – search for ether.

UNIT-II: SPECIAL RELATIVITY

Postulates of special theory of relativity - Lorentz transformation equations - Length contraction - Time dilation - Relativity of simultaneity - Law of addition of velocities - variation of mass with velocity - relativistic kinetic energy equations - Minkowski's four dimensional space -time continuum.

UNIT-III: WAVE MECHANICS

Dual Nature of Matter-Matter waves - de Broglie wavelength – Broglie's Hypothesis of Matter Wave-Conservation of Energy-Expression for wave velocity and group velocity - Heisenberg's Uncertainty principle-Mathematical proof of uncertainty – Experimental study of matter waves-proof of Uncertainty principle for one dimensional wave packet .

UNIT-IV: SCHRÖDINGER EQUATIONS

Wave function-properties of wave functions- Postulates of wave mechanics — Probability
Current density- Equality of Continuity theorem- eigen functions - eigen values - expectation
values - Time dependent and time independent Schrödinger equation.

UNIT-V: APPLICATION OF SCHRÖDINGER EQUATIONS

Particle in a one dimensional box - barrier penetration and tunneling effect - linear harmonic
oscillator - zero point energy - rigid rotator - hydrogen atom.

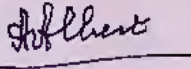

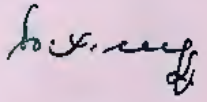

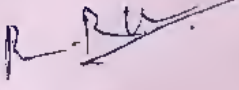

Textbooks

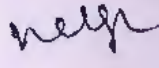

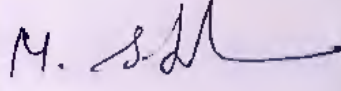

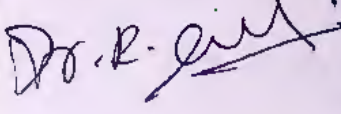

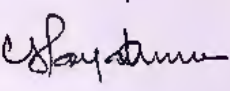

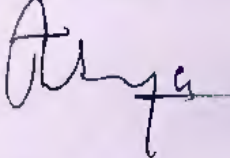

1. Quantum Mechanics by V. Devanathan, Narosa, Chennai, 2005.
2. Modern physics by R Murugesan, Kiruthiga, Sivaprasath S Chand & Co. (2007)
3. Quantum Mechanics by V K Thangappan, Wiley Eastern

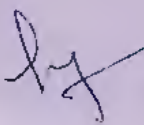

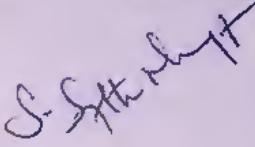

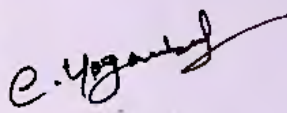

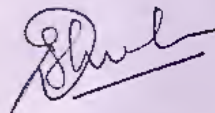

Reference books

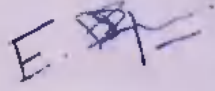

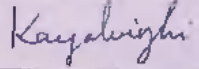

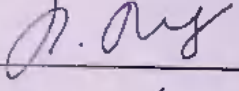

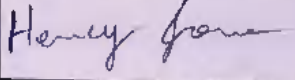

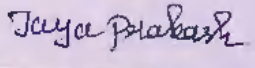

1. A Text Book of Quantum Mechanics by P M Mathews and Venkatesan, McGraw Hill.
2. Quantum mechanics by Ghatak and Loganathan, McMillan.
3. Basic quantum mechanics by A Ghatak, McMillan India (2002).

Action Taken report on Board of Studies Meeting held on 31.03.2021

In accordance with the resolutions passed and the recommendations provided by the esteemed members of the Board of Studies, the syllabi for the M.Sc Physics Program were retained for the academic year 2021-2022.

In response to the recommendations of the Board of Studies members, the following new courses were introduced for the Academic Year 2021-2022 (Odd semester) :

B.Sc. Physics:

1.	Communicative English - III	20LE303
2.	Communicative English - IV	20LE404
3.	Allied Mathematics-I	21AMT11
4.	Relativity & Quantum Mechanics	21PH612

Minutes: 31-03-2021

Inorganic Chemistry:- In 19CH203 - Inorganic Chemistry-I. Unit-1 the topics electronegativity - Pauling's and Mulliken scale from 1.2 were added to Unit 1.3. Calculation ionic character of a covalent bond, calculation of enthalpies of formation of compounds - Calculation of bond length were removed. In Unit-3, the VBT & MOT approach is specified for diborane and tetraborane. The word "the Structure" is mentioned for the Chemicals, Borax, sodium borate - - Boric acid. In 3.3, the preparation and structure is mentioned for Borazole and Boron nitride. In Unit-4, & 5 few topics using XeF_6 was removed for repetition.

In 19CH305 - Inorganic Chemistry-II. In Unit-1, the topic was mentioned as - Types of solvents - protic and aprotic, amphiprotic and amphoteric - aqueous and non aqueous solvents and physical properties of solvents. In Unit-3, the preparation and structure was mentioned. In 3.2, the structure was specified. In Unit-4, the topic was mentioned as Estimation of chlorine in bleaching powder, and the structure and properties were specified for Oxyacids of halogens - Sodium hypochlorite and Sodium chlorite.

Electives:- In the course 19ECH513, in Unit-1 in 1.1) few topics "Medicated soaps - - - specifications" and "Mechanism of - - - detergents" were removed, in Unit-IV "pollution control" was removed and ISI specifications removed.

In ECH618, in Unit-II, the topic "morphology of crystalline polymers" were removed.

Allied:-

In 19ACH202, in Unit-I, the topics "Biochemistry of Iron - - - myoglobin" were removed. In Unit-IV, the topic, "Rotational - - - transitions" were removed and Types of Vibrations were added.

In ACH202T, the "Rotational Spectroscopy - - - transitions" topics were removed and Types of Vibrations were added. PGI. In PCH9115, Unit-III, the topic "Irreversible - - - potential" have to be added by removing it from 19PCH43. Also Unit 2.4 has to be removed from 19PCH43.

Action taken report on the Board of Studies Meeting held on 31st March 2021

Based on the Suggestions made by the members of board of studies of Chemistry on 31st March 2021, the following courses were modified.

M.Sc. Chemistry

- Statistical thermodynamics and its applications (PCH911S)
- Reaction kinetics, Electrode kinetics and Photochemistry (19PCH43)

As per the suggestions of the members of the Board of Studies, the following new courses were introduced in the academic year 2021-2022.

B.Sc. Chemistry

S. No.	Subject Codes	New Courses
1	CH203A	Inorganic Chemistry-I
2	CH305A	Inorganic Chemistry-II
3	ECH513A	Chemistry of Industrial Products
4	ECH618A	Polymer Chemistry

B.Sc. Zoology (Allied Chemistry)

S. No.	Subject Codes	New Courses
1	21ACH201	Allied Chemistry for Zoology

B.Sc. Biochemistry (Allied Chemistry)

S. No.	Subject Codes	New Courses
1	21ACH202	Analytical Chemistry

Minutes: 17-11-2021.

Analytical Chemistry: CH306S

In Unit -I the topic "DSC" introduced along with TGA & DTA and the topic "Thermometric titrations" were removed.

In Unit -III, "Polarography, Amperometry and Polarimetry, dropping mercury electrode - advantages and disadvantages" were removed. The topic, "Activation energy" was introduced. The topic, "Oxygen wave - influence of temperature and agitation on diffusion layer" was removed. The topic "cyclic voltammetry" was introduced.

Analytical Chemistry Practicals: CH P507S

In the Chapter-2, "conductometry" - "the determination of amount" of the given acid test solution was added as "Determination of strength and amount".

The above corrections are carried out and the new syllabus will be implemented from the academic year 2022-2023 onwards.

The Board of Studies meeting started with a prayer rendered by Mr. A. Lawrence followed by welcome address by Dr. S. Celine Hilda Mary. As per the suggestions and recommendations from the members of Board of studies (University Nominee, Subject expert, alumnus, Present students including expert and staff) and from the peer reviewers, the following corrections were made in the syllabus for the course to be implemented 2019 batch from the year 2021-2022 onwards.

UG

INCLUSIONS

- * In food technology paper, the topics included in Unit I were "whole milk, low-fat milk and skimmed milk".
- * New Elective paper "Pharmaceutical Biochemistry" was introduced from the year 2021-2022.
- * The Environmental toxicology & Herbal Medicine paper was renamed into Toxicology & phytochemistry.
- * In Toxicology & phytochemistry paper, the topic "Kabasura kudincei" was included in Unit IV.
- * In Pharmaceutical Biochemistry paper, new unit IV on

drug formulation was introduced. New topics - types of tablets, capsules, ointment, gel, syrup and suspension were included.

* In Pharmaceutical Biochemistry paper, new unit IV on drug formulation was introduced. New topics - types of tablets, capsules, ointment, gel, syrup and suspension were included.

MODIFICATIONS:

* In Pharmaceutical Biochemistry paper, the content in Unit IV were modified.

* In Pharmaceutical Biochemistry paper, lipid peroxidation was modified to lipid peroxidase and NOS was removed from the Unit - III.

* In Molecular Biology paper, experiment for semi-conservative method was modified to Messelson & Stahl experiment.

* In Food technology paper, Unit - IV cheese varieties and its classification is modified as cheese - classification & Food safety & standards Act 2006 was modified to Food safety & standard Act 2011.

DELETIONS:

* In Molecular Biology paper, the topics gap I & group II was deleted from Unit III.

* In toxicology & phytochemistry paper, the topics receptor mediated cell signalling & herbs for common ailments

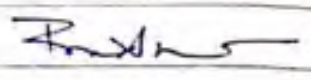

were deleted from Unit I & IV respectively

* In plant Biochemistry paper, Unit II - topic IAA was removed.

* The topics repeated in Plant Biochemistry paper were removed.

INCLUSIONS:

- * In Medical Biochemistry Paper, the topics included in Unit I were impaired glucose tolerance, impaired fasting glycaemia, gestational diabetes mellitus, alimentary glucosuria, renal glucosuria, Hypocosmolar nonketotic coma, Lactic acidosis, Glycated hemoglobin, Insulin resistance.
- * In Medical Biochemistry paper, new topics cancer, obesity and cardiovascular diseases were included in Unit II.
- * In Clinical Endocrinology paper, the topics type of hormones and nuclear receptors was included in Unit-I.

* In Human Physiology paper, the topic RL type was included in Unit I

* In Biotechnology & Genetic Engineering paper, PCR, RT-PCR, IPR & patents were included in Unit V

* In Biostatistics & Clinical Research paper, DMRT test in Unit III was added

* In Medical Laboratory Technology paper, cryopreservation & formalin in Unit III was included

* Two new skill elective papers "Horticulture" & "Bioinformatics" were introduced for III year Biochemistry students from the academic year 2021 onwards

* In Horticulture paper, the topics important horticulture crops in India in Unit I and organic certification in Unit II were included

* In Practical I, Preparation of starch from potatoes was added to the biochemical preparation

* In Practical II, new experiment acetate buffer & Estimation of protein by Lowry's method was included

* In Practical III, calibration of burette & pipette was included to enhance the skill of the students

* In Practical IV, New experiment Estimation of Protein by Bradford method was included.

MODIFICATIONS

- * In Biotechnology & Aesthetic Engineering paper, Unit II, III & IV were interchanged
- * In Human Physiology paper, the topic in Unit III - Respiratory system of man was modified to Respiratory system of human
- * In Human Physiology paper, the heading in Unit V - Muscle to be renamed as Muscle & Bones
- * In Medical Laboratory technology paper, the topic Lepa Bacilli in Unit V modified as Mycobacterium leprae
- * In Practical IV, isolation & purification of DNA from onion & Estimation of SOD & SODPT modified as Extraction & purification of DNA from onion & Assay of SOD & SODPT in serum respectively.
- * In Practical II, normal, percentage & molar solution were rearranged
- * In Medical laboratory technology paper, lactic dehydrogenase was modified to lactate dehydrogenase and electrolytes - sodium and Potassium role and its significance was modified to electrolytes - sodium and potassium - functions and its clinical significance in Unit III

* In the skill paper Horticulture - Identification of important horticultural crops in India in Unit - I.

DELETIONS

* In Medical Biochemistry paper, the topics in Unit I collection and preservation of samples were removed.

* In Horticulture paper, the topic fertilizers was deleted from the unit III.

* In Bioinformatics paper, the topic pairwise alignment was removed from unit V.

* In practical I, Estimation of chloride by Volhard's method & titration curves of amino acids were deleted.

* In Practical II, Biochemical preparation and Estimation of protein by Biuret method was removed.

* In Practical IV, Estimation of glucose by Folin Wu method & Estimation of protein by Lowry's method were removed.

Per

INCLUSIONS:

* Internship/summer training was included in the curriculum template from the academic year 2021 onwards for the first Pw student.

* Inclusion of online course offered by Swayam platform or NPTEL or any recognized course offered by UGC in the curriculum template

Finally, Mrs. D. Leena Rose Mary, Asst. Professor proposed the vote of thanks, with this the meeting came to an end

Minutes of the meeting of the Board of studies in Microbiology held online on 15th May 2021 in Google Meet between 11:00 am and 12:30 pm.

The Chairman of the Board welcomed the members. It was informed that Mr. D. Srinivasan, External member (Alumni Representative) and Dr. D. Sumitha, Faculty member of the Department could not attend the meeting due to personal reasons and they were excused. The minutes of the previous meeting was read and approved.

A detailed discussion on the revised curriculum for UG and PG programme were discussed in wake of NEP-2020, NAAC - Accreditation and NIRF ranking. Suggestions from the Pre-Board meeting, Alumni feedback collected through IAAC and Peer Review on various courses offered were also considered.

The regulations for Field visit / Industrial visit (First-year UG), Internship / Field Project (Second year UG), Mini Project / Field Project (Third year UG), Field visits / Field Projects / Internship (Second year UG) and Self study courses (UG & PG) from the Pre-Board meeting were discussed.

Modifications in the question paper pattern for UG and PG programme, Allied and Elective courses were proposed and discussed.

Inclusion of employability oriented topics and contemporary topics in various courses were appreciated.

The following resolutions were made :-

(1) Curriculum structure, regulations, syllabus, question paper pattern for the UG and PG programme, Allied and Elective courses were approved.

- (2) Resolved to implement the changes in the above for the students admitted in the respective academic year mentioned therein.
- (3) The regulations for Field visit / Industrial visit / Internship / Field Project / Mini Project / and Self Study courses were approved.
- (4) Introduction of on-line courses offered by SWAYAM with extra credits being introduced in the academic year 2020-21 for the final years of UG and PG was satisfied.
- (5) The syllabus for the new Value added course, "Infectious Diseases and Their Prevention" was approved.
- (6) Resolved to follow the existing syllabus and regulations of M.Phil. Microbiology Programme in the academic year 2021-2022 also.

The contemporary syllabus for B.Sc. computer science, Value Added courses and Diploma course was acknowledged by the experts with the following suggestions.

During the course of study the board recommended to include "Field

Work on Field Project", "Internship" and "Self Study Course (SSC)" as Extra Credit Courses.

In order to improve the career opportunity, the soft skill paper offered by the computer science department has been improved and it is renamed as "competitive Exam and Entrepreneurial skills". This course is offered in the 4th semester by the B.com (BM) Department with a new exam pattern for the ad students admitted from the year 2021-2022.

In the 5th semester "Python Program" is introduced as the Skill Enhancement^{ing} course and in the 6th semester "GIMP" is introduced as the Skill Enhancement course (SEC) for the students admitted from the year 2019-2020.

The Value Added courses and Diploma courses which are conducted in the previous academic year is recommended to conduct in the forthcoming academic year also

The department of Computer Science has decided to offer an "Advanced Excel and Tally" course in the 4th semester for the department of B.com (BM) for the students admitted from the year 2021-2022

The head of the department gave the welcome address and the agenda of the meeting was briefed by him. The main agenda of the meeting was to enrich the syllabus with courses relating to employability, entrepreneurship, professional ethics and human values.

The university nominee, subject expert, industrial expert and the alumni emphasized that current syllabus has courses related to employability, entrepreneurship, professional ethics and human values and discussion was done to categorize the courses based on the component mentioned above. The members converged that courses based on the component mentioned above, such as Java programming, Advanced Java programming, open source technologies - PHP, soft skill and mini project has the content which nurtures the students to be placed in well reputed software development companies. They were also of the opinion that courses like management and professional leadership, programming in Asp. net using C# will pave a way in making the student an entrepreneur. The members suggested to

include latest swayan courses related to computer applications in fifth and sixth semester as a skill or self-study course.

The board also suggested to include field study in I yr and internship in the II year and it can be used as one of the component for awarding internal marks. The meeting came to an end with the vote of thanks delivered by the head of department.
