**INDUSTRIAL VISIT REPORT**

Date: 08.04.2024

Time: 08:00 A.M to 11:00 A.M

Venue: Lux Industries Ltd, Tirupur

Industrial visit to Lux Industries Ltd, Tirupur was organized for the II.B.Com D Shift – I students. The students were accompanied by Dr. P. Arul Prasad, Assistant Professor & Dr. M. John Bosco, Assistant Professor. Lux Industries Ltd is a prominent cotton clothing industry known for its 24/7 operations in manufacturing cotton garments. The visit provided a comprehensive understanding of the industry's operations, products, and managerial aspects.

Group photo at the Industrial Visit in LUX INDUSTRIES LTD, Tirupur

During the visit, the manager graciously welcomed the students and provided detailed insights into various facets of the industry.. The session was both informative and engaging, leaving the students with a deeper appreciation for the complexities involved in the textile manufacturing sector.

### **INDUSTRIAL VISIT REPORT**

Class : II B.Com A & B (Shift – II)

Date : 14<sup>th</sup> September 2023

Name of the Company : Hindustan Footwear Ltd

Staff accompanied : 1) Dr.A.Radhakrishnan

2) Dr.S.Baby Motcharakkini

Total No of students: 132

The PG & Research Department of Commerce II B.com A& B (Shift II) organized an industrial visit at Hindustan Footwear Ltd. On 14<sup>th</sup> September, 2023. The main objective of the visit was to make the students aware of the various activities of the footwear manufacturing industry and to pile up information about its exertions. A total of 131 students went to the visit and were accompanied by the respective class incharges of both the classes, Dr.A.Radhakrishnan, Assistant Professor of Commerce and Dr.S. Baby Motcharakkini, Assistant Professor of Commerce.

We set off at 6.00am from our college and reached the site at 9.15am. As soon as we reached the industry, we were welcomed with great hospitality. There, we were guided by the HR assistant who explained about the chores and other activities of the industry followed by the questions and doubts raised by students. All the students went through various sections and had a keen observation of the working process. It was a purely production oriented phase which involves a sequential process consisting of designing, stamping, sewing, assembling, etc. The major raw material used for production was leather. It was also observed that the production activity not only involves machinery but also requires manual effort. Significantly, maximum amount of their production were exported.

We spent almost 2.30 hours at the site going through the manufacturing activities. The students came across a whole new and interesting industrial experience through which they gained a good sum of information and knowledge. Therefore visiting Hindustan Footwear Ltd. was a great opportunity to gain practical knowledge about the industrial sector which would be helpful for the students for their future career growth.

**HR Manager explaining about the process to the students**

After the completion of industrial visit, we finally went to MGM and returned back to college at 8.15pm. We felt that the visit was both educational and enjoyable for us.
