<b>Title of the Event</b>	: Internship Training In Marine Biodiversity and Bioprospecting
<b>Date</b>	: 18.3.2024 to 8.7.2024
<b>Institution</b>	: 1. Centre of Advanced Study in Marine biology, Faculty of Marine Science, Annamalai University, Parangipettai.  2. Kannan Hospital Laboratory, Manjakuppam, Cuddalore .  3. UniqueMasters Ability Group of Institution, Manjakuppam, Cuddalore.

As a part of the curriculum, our II B.Sc. Zoology Students were sent to an Internship training programme to the Centre of Advanced Study in Marine Biology, Faculty of Marine Sciences, Annamalai University, Parangipettai, Kannan Hospital Laboratory, Cuddalore and Unique Masters Ability Group of Institution, Manjakuppam, Cuddalore from 18 March 2024 to 5<sup>th</sup> June 2024. In this Internship program they have got a practical knowledge of operating various instruments like Electrophoresis, Laminar air flow chambers, autoclave, Spectroscopy, PCR etc.,. They were learned about basic laboratory techniques and they provide hands on experience with laboratory methods and instrumentation. They were also trained to culture micro algae like *Chlorella*, *Nostoc*, *Spirulina* etc. They have gained a wide knowledge of ornamental fish culturing practices, their feeding methods, disease identification, prevention and treatment methods of diseases in ornamental fish culture.

They were taught about the culture media preparation of microbes and antimicrobial activity analysis methods. They also learned the technologies and methods involved in crab fattening. They were inculcated with the basic concepts of coral reefs and its DNA sequencing procedure. They also taught about the first-aid measures. Finally they were given Kayaking practice and the safety measures to be followed during kayaking
